HITRUST

About Access TeleCare

Access TeleCare is the standard bearer of clinical excellence in acute specialty telemedicine, providing high-quality care for patients in 1 out of 5 U.S. hospitals. Over the last 20 years, the company has delivered care in nearly 7 million patient encounters across multiple specialty service lines. As the first and longest-standing telemedicine organization to receive The Joint Commission's Gold Seal of Approval in 2006, Access TeleCare is leading the way to a better healthcare delivery system with clinically excellent tech-enabled services.
